

APRIL 2009

Dear Ones,

Jesus opened the door, and said, “Come right in. There is a Kingdom party going on here and I don’t want you two old warriors to miss it!” Ted and I walked into Michigan Ministry that could only have been thought up and carried out by our Master Strategizer and His WOW of a team! God is steadily, invisibly at work under the radar in the most liberal of strongholds, opening doors to high school street kids, international and American University students.

We were encouraged to meet and minister to young leaders, graduates of the U who have opted to remain on or near campus, earning the right to give upcoming students the only Message that can change lives.

We encouraged business and retired-from business adults to continue to show up and build relationships with students and leaders. All the young leaders said how much it means to them to have adult mentors.

Ministering to students has a disadvantage and an advantage:

- 1) The kids leave in four years.
- 2) The kids leave in four years.

Anyone going in must have this perspective and be prepared to work themselves out of a job. ...not unlike parenting. The goal: Get the kid out the door with tools for *life*.

We will return in a few months after the team has had the summer to encourage and build relationships.

“Throw your net on the **right** side of the boat and you will find some.” John 21: 6

You dear people who support us are part of another unfolding team. Prayer: “Lord, bless ‘em for their faithful generosity.”
